

ASTORIA

market-collection.com

Tile is an inherently sustainable choice because it can last a lifetime, produces no VOC off-gassing and is a non-leaching product that does not adversely affect other materials or humans that come in contact with it. All of our product lines, produced both in the US and by our global partners are made in factories that share our passion and sense of responsibility to care for the environment and produce products in the most sustainable way possible.

Astoria Specifics:

- Lead-Free
- Non-Toxic
- No VOC off-gassing

Around the Astoria Factory:

- Scrap glass from production is put into a recovery system and sent to recycled glass factories.
- Water is reused to make silk finish in final production.
